

# Liquid Rubber Industries

## Liquid Rubber

*Innovators in environmentally safe protective coatings*

Project:	Waterproofing of Concrete Roof
Client/End User:	Caribbean Residential Building
Project Size:	7,400 ft <sup>2</sup>
Completion Date:	January 2006
System Used:	Liquid Rubber Daclar™

### **Job Description:**

**Liquid Rubber was chosen to repair and waterproof a 20 year old concrete roof in the Caribbean.**

**Liquid Rubber Zavlar™ was used with geotextile to repair the large cracks and fractures in the old concrete roof.**

**Liquid Rubber Daclar™ was then sprayed at 80 mil (2mm) over the entire roof.**

**The Liquid Rubber system was chosen by the building owner for its extreme UV resistance, even under the hot Caribbean sun.**

**The Liquid Rubber Daclar™ also makes a monolithic membrane which is resistant to the severe Caribbean weather including hurricanes.**
