

Liquid Rubber Industries

Liquid Rubber

Innovators in environmentally safe protective coatings

Project:	Concrete block retaining walls – QLD, Australia
Client/End User:	Nifsan P/L, Smart Masonry
Project Size:	2.5 km
Completion Date:	August 2004
System Used:	Liquid Rubber Drylar™

Job Description:

Liquid Rubber was used to protect and waterproof over 2 km of retaining wall which surrounds a man made lake at the new prestigious Emerald Lakes residential development in Carrara, Australia.

The project was completed in conjunction with Smart Masonry, a major supplier of innovative block systems and Nifsan, a major quality developer on the Gold Coast.

Liquid Rubber Drylar™ was chosen for its excellence in performance and durability. Both Eddie Charman from Ultra-Coatings (Brisbane Liquid Rubber) and Geoff Pollard from Stoneseal (Gold Coast Liquid Rubber) are proud to be associated with such a project.
